ONE TOUCHDOWN FOR COLBY.

Sufficient to Beat Massachusetts Ag gles on Stippery Field.

PORTLAND, Me., Oct. 17.—Although the field was muddy and the ball slippery both the Colby and Massachusetts Aggles elevens resorted to the use of the forward pass very largely in their game here this afternoon, Celby winning, 6 to 3. After the team had been held for downs on the Aggles 12 yard line, Colby regained the ball at the 30 yard post on a punt and then rushed the ball down the field and over the goal line.

Indian Uses Eyes to Deceive Opposition

R ENO, Nev., Oct. 17.—The Oakland Club of the Pacific Coast League has signed Harry Samp-son, a full blood Piute Indian and a graduate of the Stewart Indian School at Carson City, as a pitcher. Sampson is 19 years old, weighs 190 pounds, throws and bats right handed and is crosseyed. Although he has terrific speed it is said his infirmity is his greatest asset. The baserunner is at his mercy, for he never can tell whether the Indian is looking at first base or the home plate. The umpires also have been having their troubles.

car. Make a dollar go as far here as in your business. Most men are buying cars that way now.

You must remember that \$1250 goes a long way to-day. A few years ago \$1250 had little buying power. To-day it will provide you with a "maximum car" in size, power, coach finish, reliability and equipment.

It buys a car with an electric starter, electric lights, motor driven tire pump, one man top, quickadjustablestorm curtains, vacuum feed gasolene system, 116-inchwheel base, 36 H. P., full stream lines, with coach work in a very high finish (22 separate

It is the lowest priced car in the quality zone—topay less for a car you can hardly expect quality.

If you want to get out of the little car class and seek a larger car-but light—you can stop with considerable assurance at \$1250 and put the other You do not need to pay \$1500 any longer.

This 1915 Mitchell Light Four is a better car than \$1500 would have bought a year ago-better than \$1750 would have bought two years agobetter than \$2000 would have bought three years ago.

You cannot find a much better car than this. You can pay more and get speed beyond 60 miles an hour, but when it comes to size, power, equipment and riding ease, you will spend many a day in Automobile Row
